Google Docs Archiving & Encryption Solutions

Harness the power of Erado and Google Docs.

Erado's Google Docs compliance package seamlessly integrates archiving and email encryption by capturing and archiving all of your Google Docs mail traffic, and automatically encrypting sensitive email.

How it Works:

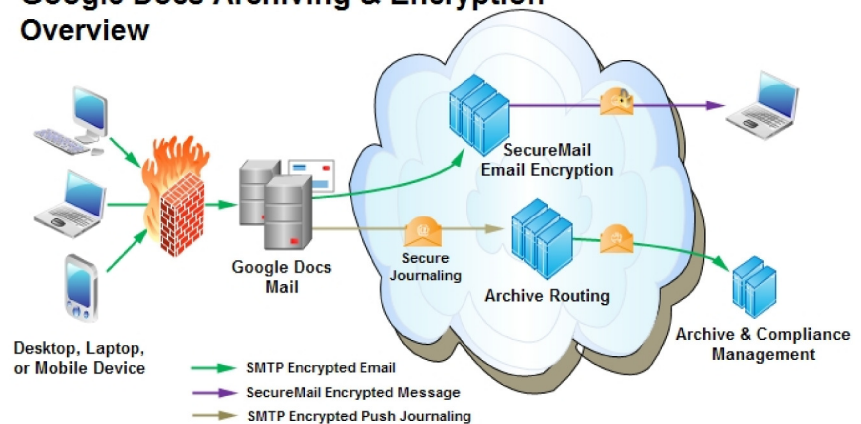

Archiving:

We capture archive, and electronically review all Google Docs mail, delivering advanced compliance and e-discovery capabilities.

Email Encryption:

Our SecureMail policy based encryption assures personal information sent over email stays private, utilizing Google Docs integrated smart hosting.

Google Docs Archiving & Encryption Overview

Unparalleled Support:

Step by step instructions and optional hands off installation.
